

Château Montlau

Armand schuster de ballwil

We are pleased to present to you The Domaines of Elizabeth and Armand Schuster de Ballwil. Possibly you are familiar with some of our wines, if not, we invite you discover the complete range.

Six centuries of wine making tradition have been preserved and adapted to modern techniques.

The Cellars of Montlau were built in the 19th century, the old pumps and presses are still used and are living witness to a period that makes Bordeaux renowned for its Grand Terroirs. Modern techniques in conjunction with old tradition allows the noble vines planted since 1473 in the same vineyards of Montlau to give you an exuberant Cremant, a fresh and fruity Entre-deux-mers and above all excellent red wines.

Château Montlau and its wines shine like a new jewel among the already rich treasures of Bordeaux and will give you an exceptional addition to your range of wines.

We thank you for your attention and look forward to receiving your comments in the future !

Château Montlau - 2021 - Entre-deux-mer

Bright light golden with a green hue, pure and intense aromas of fresh lime, lemongrass, white fleshed fruit and floral hints. Good grip and freshness; pure and salivating with fine extract, zesty young fruit flavours with passion fruit and citrus notes leading to a long and vigorous finish.

Château Montlau - "Hors série " 2018

Inky dark core and a purple hue. Pure modern and intense nose with layers of cassis; dark berries, tobacco and fine spices. The palate is dense and vigorous; savoury dark fruit with a fine oak integration, polished tannin; long and lingering finish. ambitious and well made with a fine potential.
